

Marines Who Reenlist To Be Report Subject

Former Marine Corps personnel who reenlist in the Marine Corps will be the subject of a special report to their former commanding officers, according to T/Sgt. W. L. Stowell, local Marine Corps Recruiter for Ulster County. The report will help the Marine Commander to assess the value of the counseling service he provided the Marines when discharged.

Sgt. Stowell explained that the Marine Corps carries out an extensive counseling service in order to explain the benefits of a Marine Corps Career and to encourage reenlistments.

A Marine Corps career often

looks more attractive to a man after he has spent a few months in civilian life," Sgt. Stowell declared. He pointed out that eight former Marines from the Ulster County area had reenlisted in the past nine months. The decision to make the Marine Corps a career was the principle reason for reenlistments. Current regulations permit former Marine Corps Corporals and Sergeants to retain their rank if reenlisted within 90 days of discharge.

Bomb Destruction

In World War II falling bombs destroyed more than 67,000 houses in the city of Coventry, England. Also, its historic 15th Century Cathedral of St. Michael was destroyed.

KING OF IRELAND?—Shown above is Ireland's royal family—that is, if a group of Irish monarchists have their way. Lord Inchiquin, his wife and their daughter, Grania, relax with the family pet in their home, Dromoland Castle in County Clare. A direct descendant of Ireland's greatest king, Brian Boru, who reigned from 1002-1014, Lord Inchiquin is known as O'Brien of the O'Briens. If the Irish Royalists should succeed in reestablishing the monarchy, Lord Inchiquin would be the first Irish king since the 12th century.

DO YOU REMEMBER

By SOPHIE MILLER

From Harry Rigby's collection of information on streets Chester Joy, of Harwich Street, called to remind us that 45 years ago that portion of the present Foxhall Avenue between Albany Avenue and Flatbush Avenue was named William Street.

He believes sometime in the early 1920's the name was changed and that it was originally named William after Billy Ten Broeck who owned farmland in the vicinity. Mr. Joy remembers Carl Glaser's store on the Flatbush Avenue corner where the ordinary ice cream cones were 2 cents and the double deckers sold for 3 cents. He remembers the double house on the south side of the block, as the old Ten Broeck barn.

With the Kingston budget now in the news it is interesting to

look back to April of 1663 in Van Buren's book called "Ulster County Under the Dutch."

The records were kept differently in those days, but just the same they were exacting to the penny as one can see. Item on page 59 reads in part: "Revenue and Expenditure of the Village of Wildwyck, including the Building of the Ministers House. Income of Wildwyck Village. From 525 morgens. The land pays fl 2.10 st. per morgen in general, which computed gives a total of fl 1312.10 coin. The house lots, paying land tax, have in Wampum 272. fl. in coin 136.

"The excise on wine and beer, farmed out, has fetched so far, that is to the 21st of November 1662 1003.18; in wampum 1505.17; in coin 699.56; The revenue is altogether 2117.16.6 Remains a balance of 889.11.10. I know some of the above is puzzling, but notice how exciting they were in 1662.

It continues with "The Outlays for Ministers House, bricks, tiles, lime, boards, wainscoting, slating, iron, hinges, locks and nails, and everything required for it. In wampum 680.50; In coin 953.13. All reduced to coin 1293.15.8. Paid for wages of the carpenters and masons, hod carrier, for freight of bricks, tiles, boards to this place. In wampum 1387.5. In coin 570. Reduced to coin 1263.12.8.

It further states: Board for the carpenters, masons and hod carrier altogether in coin 450. Total in wampum fl 2067.10. Total in coin 1973.13. The wampum reduced and added to the coin makes it fl 3007.8. Those were the obligations of the residents of Kingston and one can see they could read and write and wanted to know where every cent went and what for.

Then they go on: "Besides the above there must be paid to the court messenger for the making and keeping in repair of the gates to Juriaen Westvaal for hire of the house of Domine Blom, who lived in his upper room, 80 florins." They also described a little New Year's day of 1663, which reads in part: "New Year's day in 1663 was ushered in with a parade of the trainband. Very brave and formidable they looked marching through the snowy streets. At the open door of every house stood mother and the children. The little ones, afraid at the unusual sight, clung tight to her ample skirt. The older boys ran along with the troops and played snowballs with each other, trying to keep step with the drum that had come from over the sea."

Raising Cane

MONCURE, N. C. (AP)—On a lofty hill one mile from here stands a large mock-orange tree that was once a walking cane. The cane belonged to Waverly Lassiter, whose hobby was walking. One day Lassiter returned to his home with the green stick in his hand. Before entering the house, he casually stuck the stick in the soft dirt and left it there. The stick sprouted and began to grow, day by day, year by year. Today it is more than 50 years old.

Service to the community

A colleague of ours tells this one. On Saturdays he sells dimes (10c each). Seems the neighborhood movie is next door. The kids stop in before the show for dimes—for the vending machines in the theatre. A lot of our business is like this—service to the community. Glad to do it. Because we're conveniently located and open long hours, we're a handy place to pick up change or a bottle of aspirin. But a pharmacist's true service to his community is to be a quick, reliable source of the drugs and medications your physician prescribes. That's the real reason we're here. And we are always pleased to serve you.

Adult Law Class To Meet Tonight

The Adult Education Course entitled, "Law Everyone Should Know," will hold its first meeting of 1958 tonight at 7 o'clock in Room V-110 of the Kingston High School Vocational Building.

William D. Brinnier, III, director of the course in the Ulster County area, reports that Seymour Werbalowsky, local attorney, will deliver the first of a two-lecture series on the subject of "Contract Law."

This course will consist of a discussion on the topics such as the definition of a contract, the importance of a contract, the elements of contracts and the legal requirements of contracts. Brinnier reports that Jan. 15, William Curran will deliver the final lecture on the "Contract Law" course.

Saugerties Board Approves Hiring Of 3 New Teachers

In view of the increased enrollment in the student body of Saugerties Central Schools, the Board of Education, at their meeting Monday approved the engaging of an additional high school teacher, an additional teacher of art, and a second teacher of guidance.

Among other matters the Board discussed the extension and improvement of the educational offerings in the local system. These plans include the offering of biology in the ninth grade to one class of freshmen next fall in place of general science, which most ninth grade pupils pursue. The eligibility for members of this advanced class will be determined on the basis of special prognostic tests. It is assumed that most of this

special group will study physics in their sophomore year, chemistry in their junior year, and then in their senior year, enter upon a survey course of science which is normally covered in the freshman year of college. Saugerties High School plans to continue to offer instruction in calculus in the 12th grade to the small group of mathematically minded pupils who are planning to specialize in the field of math and science.

Spanish to Be Offered

An innovation which is being considered for next year is the offering of a third language for those who are interested, and if there is sufficient demand. The subject under consideration is Spanish. The extension of the language offering is in keeping with the recent recommendation of Commissioner James E. Allen Jr., of the State Education Department.

The addition of a second member to the guidance staff is also in keeping with State recommendations. This second staff member will assist in the offer-

ing of prognostic and classification tests on the junior high school level, with the purpose of helping students choose their future courses more wisely. More adequate guidance is believed by the State Commissioner to be valuable in helping young students concentrate earlier in their educational career on the subject matter fields which will prepare them for their life work.

A committee from the board consisting of President William Ziegler and Kenneth Beadle met with the Village Board with reference to sewer connections for the new Junior-Senior high school building. The board authorized the attendance of the two football coaches of the high school athletic teaching staff, William Straub and Fred Seither, for a football clinic in the spring.

Would Cut Jealousy Through One Commander of Services

By JAMES C. MUNN

WASHINGTON (P)—An "old soldier"—Rep. Bernard W. Kearney (R), Gloversville—is all for the idea of having a single commander of the nation's armed forces.

"Such action is imperative," Kearney said in an interview. "You've got to have one man upon whom the responsibilities can be pinned."

"If you don't, continued confusion and increasing jealousy between the services is bound to result."

Has Good Background

Kearney's military background would seem to entitle him to a say in, such a matter. He served overseas as an officer in World War I and, in 1940, retired as a major general of the old New York National Guard.

Since that time he has maintained keen interest in anything pertaining to the military.

He thinks the administration will have no difficulty in winning prompt congressional approval of added funds for missiles provided it "rips the fat out of domestic spending."

Ridiculous, He Says

"For example," he said, "it's ridiculous to think that a sound case can be made for appropriating funds for some flood control or navigation projects in times like these."

"Some, I grant, are essential—and for those I'll vote—but to make the usual pork-barrel approach is all wrong."

Kearney also supports the idea of federal scholarships to train more scientists.

Opposes Federal Aid

"I'm all for that," he said, "but I'm still opposed to federal aid for school construction. By and

large, I think that to be a matter of concern only for the individual states."

Kearney, 68, is now almost wholly recovered from a knee operation last October. He says his health is much better than in recent years.

A quick rundown on the present

42-member New York House delegation indicates that all—at this time—intend to seek reelection next November.

There are suspicions, however, that a few—no more than two or three—may decide otherwise by the time the primaries roll around. And there is always the possibility that one, maybe two, may be picked for state judgeships in the event of vacancies.

The New York public school system was organized in 1801.

Albany Bill Would Cut Franchise Tax

ALBANY (AP)—A bill that would cut the franchise tax on business corporations from 5½ to 5 per cent is before the Legislature.

In introducing the proposal yesterday, Assemblyman Wilson C. Van Duzer of Orange County and Sen. John Cooke of Alden said it would keep business corporations from moving out of state.

Van Duzer estimated the tax cut would mean an initial loss in revenue of about 18 million dollars. He said the loss would be offset soon by the encouragement given business.

Matter of FACT

Under the terms of the 1803 Louisiana Purchase, the United States acquired from France land that was to become nine entire states and major parts of four other states at the fantastic price of about four cents an acre. Of the total purchase price of \$15,000,000, one-fourth of the amount was kept by the United States to pay off claims of its citizens against France.

Deadline Jan. 15 For Many '57 Plates

ALBANY (AP)—The Motor Vehicle Bureau notes that owners of suburban, commercial, trailer and farm vehicles have only a week to get 1958 registration plates.

At midnight, Jan. 15, the 1957 plates will be out of date for more than 900,000 such vehicles, the bureau noted yesterday.

Passenger car and motorcycle plates are good until mid-'58, Jan. 31.

Dies of Injuries

ELMIRA (AP)—Eleven-year-old Barbara Kasian of Horseheads died in a hospital here yesterday of injuries suffered Sunday when she fell from a moving automobile in Horseheads.

The girl struck her head on the pavement after tumbling out when a door opened unexpectedly.

She was the only child of Mr. and Mrs. Leon Kasian.

Toboggan Mishap Fatal

JAMESTOWN (AP)—One of four boys injured four days ago in a toboggan accident at Allegany State Park died in a hospital early today.

He was Everett Peterson Jr., 12, of nearby Ellery Center.

The other boys were less seriously injured in the collision of their toboggan with an automobile in front of the park administration building Saturday. The park is about 30 miles east of Jamestown.

Everett Peterson, the boy's father, manages a dairy farm.

Baptism of Fire

CARLSBAD, N. M., (AP)—Fireman Bob Stockwell was baptized in a most unorthodox manner recently while fighting a fire in the First Baptist Church here. Wearing a gas mask, Stockwell was crawling on the floor hunting for the flames when he fell into the baptism.

SCRANTON, Pa. (AP)—Vassar College, Poughkeepsie, N. Y., was left the entire \$200,000 estate of Miss Nina Raynor, who died last October at Carbondale near here. The will was filed yesterday.

Miss Raynor formerly was a teacher at Horace Mann School of Columbia University and lived in New York City until her retirement several years ago.

Death of Rensselaer Man Ruled Natural

TROY (AP)—State police say the death of Douglas J. Hanor, 52, personnel director for Sterling-Winthrop Research Institute, of Rensselaer, was probably due to natural causes.

Henor's body was found yesterday afternoon in a motel room at Crooked Lake, near here.

The Troyman had checked into the motel Monday night, telling employees he was going to work on some books.

His body was found by Albert Coon, motel proprietor, during a check of the units.

There were no signs of violence in the room.

A well-known physician, particularly expeditious in examining and prescribing for his patients, was sought out by an army man whom he "polished off" in almost less than no time. As the patient was leaving he shook hands heartily with the doctor and said:

Patient—I am especially glad to have you prescribe for me because I have often heard my father Colonel Blank speak of you.

Doctor—What! Are you old Tom's son?

Patient—Certainly, Doctor—My dear fellow, throw that infernal prescription in the fire and sit down and tell me what is the matter with you.

Waiter—How would you like your rice, Ma'am?

Spinster—Thrown at me, preferably.

The salesman had sold everything that was necessary for the furnishing of the lawyer's office, when he had a happy thought.

Salesman—Oh, yes, I nearly forgot, you need a doormat.

Lawyer—Fine! But bring me one that is well worn.

He was the proud owner of a new cash register. One day an old friend came in and made a small purchase. The customer noted that Sandy did not put the money in the cash register, but instead put it in his pocket.

Customer—Why not ring it up? You'll be forgetting it.

Scot—Oh, I'll not forget. Ye kin I keep track in my head, until I get a dollar, and then I ring it up. It saves the wear-r and tear-r on the machine.

A famous jockey was taken suddenly ill, and the trainer advised him to visit a doctor in the town.

Trainer—He'll put you right in a jiffy.

The same evening he found Benjamin lying curled up in the stables, kicking his legs about in agony.

Trainer—Hello, Benny!

Haven't you been to the doctor? Benny—Yes.

Trainer—Well, didn't he do you any good?

Benny—I didn't go in. When I got to his house there was a brass plate over the door—"Dr. Kurem. Ten to one." I wasn't going to monkey with a long shot like that!

Leaders Welcome U.S. Decision on Acreage Reserve

WASHINGTON (AP)—House agriculture leaders today welcomed the administration decision to abandon the acreage reserve phase of the soil bank program.

In announcing the decision at a news conference yesterday, Secretary of Agriculture Benson said the limit of \$3,000 a year on payments was keeping many larger operators out of the program.

Last year, Congress wrote the limitation on acreage reserve payments into the law. The limit became effective this year. Benson said reduced participation would reduce the effectiveness of the program, designed to cut surpluses of cotton, corn, wheat, rice and tobacco by paying farmers to retire land from cultivation.

The acreage reserve program, under present law, would expire next year.

May Ease Deadlock
The long range phase of the soil bank—the conservation reserve program of planting land to trees and grass—will be continued.

The reaction of House agriculture leaders to the Benson announcement included some speculation that the deadlock between the secretary and Congress might be eased.

Rep. Abernethy (D-Miss.), a member of the House Agriculture Committee, told newsmen that the legislative situation now is "unfortunate" because Benson and congressional members of both political parties are far apart on farm policy, but he added:

"I think both the Congress and the secretary are getting a little tired of the situation, and I think there might be some yielding on the part of both."

Outlook Brighter
Like Abernethy, Rep. Hill of Colorado, top Agriculture Committee Republican, said he thought chances have improved for more favorable consideration of farm proposals.

"Times and things have changed," he said.
Set up in 1956, the soil bank program set no limit on payments to individual producers. Some got as much as \$278,000 under the 1957 program. But Congress last year set the \$3,000 limit.

John Adams, second president of the United States, was born Oct. 30, 1735, in Quincy, Mass.

Action on City

the departments might be possible.

The 1958 budget as presented last month by former Mayor Frederick H. Stang lists appropriations totalling \$2,258,456.73, with \$2,101,620.38 to be raised by taxes. The tax rate of \$53.56 is \$.56 under the 1956 rate, and is \$.92 under the 1955 rate.

Claims totalling \$35,000 were referred to Corporation Counsel William A. Kelly.

Londons Sue for \$30,000

Alice H. and Oscar B. London, of 42 Linderman Avenue, through Attorney Arthur B. Ewig filed a claim for \$30,000, of which \$25,000 is for injuries suffered by Mrs. London last Oct. 28 in a fall on a sidewalk in front of the Helen Davenport property, 48 Main Street. The \$5,000 is claimed by Mr. London for medical expenses and loss of services. Mrs. London suffered a fracture of the left arm, contusions, bruises and abrasions, it was reported.

The other claim for \$5,000 was filed by Charles Legg, Jr., and Rita Legg, of 17 Warren Street, through Attorney Howard C. St. John, due to the "trespassing" of a sewer line on the claimants' property. The line, it is claimed, runs under their cellar.

On recommendation of former Corporation Counsel James J. Abernethy the council voted to settle for \$1,000 a claim against the city by Mary Jane Johnson, of Liberty Street. It was the outgrowth of an accident at Clinton Avenue and Franklin Street at a time when a traffic light was not functioning. The case had been up for trial.

Mayor Radel was authorized by the aldermen to make application to the New York State Youth Commission for state reimbursement of \$2,090 toward the city's recreational program. A resolution was adopted following the reading of a letter on the proposal from Andrew J. Murphy, 3rd, head of the city's recreation department. Similar application is made annually.

Asks New Regulations
Third Ward Alderman Donald D. Hastings (D) noting increased travel on Foxhall Avenue, asked for new regulations between Stephan Street and Broadway. He asked for a light at Foxhall Avenue and Broadway, that a "caution" sign at Foxhall and Ten Broeck avenues be replaced by a stop sign; and that a study be made to determine possible need of a light at Foxhall Avenue and Shufeldt Street.

Hastings also proposed an amendment to the city charter to

PRESIDES AT FIRST SESSION—Harold L. Kaye, the first Democrat elected to the post of alderman-at-large here, is shown at his first meeting as president of the Common Council last night. ber caution light instead of a "caution" sign on the East Chester Street by-pass just north of the Children's Home, and that "no parking" signs be placed at two driveways leading to the business parking lot at the rear of the Promise Land Restaurant, 240 Foxhall Avenue.

Alderman-at-large Harold L. Kaye referred all to the council's traffic committee.

Criticizes Repair Job
A copy of a letter sent to the Board of Public Works by Frank C. Sass (D) Seventh Ward, citing conditions on Hunter Street, was read for the record and filed. He noted that the street last June from Hone to Abel Street was repaired as a capital improvement project.

At his request, he said, a study of sewer and drainage facilities was to have been made, and corrective action taken. At the time also, he noted, "I tried to find out why Hunter Street (between Hone and Ravine Streets) was to be the only street under capital improvement, to be constructed with an oil penetration for a top dressing. To this day, I have not received a satisfactory explanation."

Cites Nine Cave-Ins
At least nine times since the street was repaired, he said, it was necessary to erect barricades near 131 Hunter Street due to cave-ins. He said he felt it his duty "to invoke Local Law No. 1 of 1951 in regard to this serious condition. I have requested the engineering department to investigate the area in question."

Local Law No. 1 of 1951, in effect says that claims against the city will be considered valid when prior notice of a dangerous condition is given.

Sass, in resolutions, asked that the light on Dock Street, nearest the intersection with Ravine Street be changed to the pole at the intersection, and that a longer bracket be installed on

the light pole nearest 150 Hudson Street. Both were referred to the Board of Public Works.

Asks Space for Doctor
A resolution forwarded by William K. Bodenweber (D) Ninth Ward, who was ill and unable to attend the meeting, asked for a regulation that would permit Dr. Leon S. Gray, of 361 Broadway, proper parking space in front of his home and office, and he proposed similar action be taken in behalf of all the city's doctors.

Broadway in front of Dr. Gray's home, he noted has parking meters and a bus stop. The doctor is in and out of his office many times and at all hours, he said, and conditions now leave him without a convenient parking place "to discharge or receive an emergency."

Bodenweber noted that "the city provided loading zones for various businesses of the city. Therefore, a similar zone should be provided for all doctors throughout the city. I am particularly interested in my constituent, Dr. Gray." He asked that space for two cars be provided in front of Dr. Gray's house and that "appropriate signs be erected." The resolution was referred to the traffic committee.

The meeting drew an attendance of 30, most of whom, appeared interested in possible action on the budget.

Federal Check Is Urged of Local Gasoline Methods

It was suggested at a meeting of the Gasoline Service Station Operators and Employees Tuesday evening that a letter be written to the Justice Department at Washington, D. C., "concerning the methods of three major oil companies operating in Ulster County." This and many other items will be further discussed at the next meeting of the association.

Among the matters discussed at the meeting held at the YMCA last evening was better salaries for employees, service station hours, policing of gasoline stations that are allegedly diluting their gasoline with kerosene in order to give a better price.

The next meeting of the Association will be at the YMCA on Thursday, Jan. 16, at 8 p. m.

Forty-five operators of gasoline stations in Kingston and towns surrounding the city met to elect officers for the ensuing year and to discuss problems of the business.

Frank Nadal, operator of Socony Gasoline Station, Broadway and By-pass, was elected president; Edward Parmelee, operator of the Boulevard Gulf Station, was elected secretary and Ray Raskoskie of Cities Service Station, Broadway and Delaware Avenue, was elected treasurer.

225 Bills Mark Opening Session

WASHINGTON (AP)—Congressmen introduced about 225 new bills on the opening day of the new session.

The House clerk's office reported this was about normal for the start of a second session of Congress—but enough to keep House assistants counting and numbering far into the night.

In the Senate, a spokesman said, the custom is to hold off on new legislation until the President delivers his State of the Union message, due tomorrow.

Yacht Hunt Continues

MIAMI, Fla. (AP)—A score of aircraft, joined by surface vessels from the United States and Cuba, continued searching today for the yacht Revonoc, missing since Jan. 2 in foul weather off Florida with five persons aboard.

Fifteen aircraft representing the Coast Guard, Navy and Army and including airplanes, helicopters and blimps, were joined by two Cuban planes and three civilian aircraft in the search for Harvey Conover, New York publisher, and his party aboard the Revonoc.

The Revonoc, widely known for her competition in ocean sailing races in recent years, has been unreported since she departed Key West Jan. 2 with Conover, his wife, son, daughter-in-law and William Flugelman of Scarsdale, N. Y.

Conover is president of Conover-Mast Publications Inc., of New York, which publishes Aviation Age and other technical magazines.

N.Y. Marine Charged

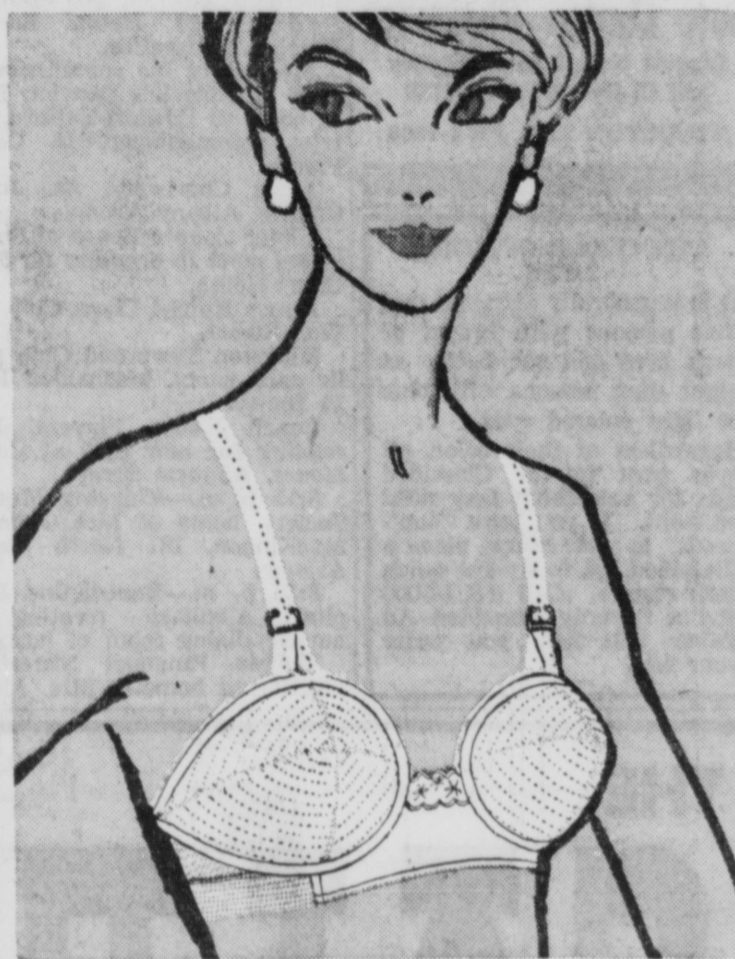

FREDERICKSBURG, Va. (AP)—A Marine from Oswego, N. Y., is charged with being involved in a Christmas theft of \$25,000.

Cpl. Ernest Rocco Bellardini, 23, of Oswego, and Pfc. Salvatore R. Carcione, 22, of Northfield, Ohio, both stationed at the Quantico Marine Base, have been released on \$2,500 bond after a preliminary hearing on charges arising from the theft of \$25,000 from Carcione's stepfather.

Carcione and Pvt. Robert L. Kwanski of Northfield, Ohio, stationed at Ft. Meade, Md., were charged by the FBI with interstate transportation of stolen property. Bellardini was charged with being an accessory after the fact.

KRESGE'S the family's choice**18-Year Vote
Ave's Bid Again**

ALBANY (AP)—Gov. Harriman made another bid today to give 18-year-olds the right to vote.

As he did in each of his first three annual messages, the Democratic governor argued before the Republican-controlled Legislature for a constitutional change lowering the voting age from 21. Harriman said he believed the 18-through-20 age group would benefit "by being confronted with full civic responsibility."

**Moses Objects
To 3 Proposals
On N-F Project**

NEW YORK (AP)—Robert Moses, chairman of the State Power Authority, has objected to three proposals made by the U. S. Department of the Interior for operation of the Niagara Power project.

Moses says the proposals are "wholly inapplicable."

The Power Authority chairman stated his position yesterday in a letter to the Federal Power Commission.

The Interior Department's proposals were made in a letter to the power commission Sept. 30. The proposals were that the State Power Authority be required to:

1. Operate protective devices and make such modifications in structures in the interest of fish and wildlife resources as might be recommended by the Secretary of the Interior and the New York State division of fish and game.
2. Operate the planned Lewiston generating plant in such manner that water level changes in the lower Niagara River would not be abrupt and result in water surges hazardous to human life.
3. Provide a warning system of audible signals and also signs wherever water level fluctuations resulting from project operations might endanger human life.

Cons of Advanced Education**

During a special P-TA Council meeting Monday evening, Dr. Earl F. Soper, superintendent of schools, outlined a tentative proposal for an Advanced Education Program.

This program in general would involve the selection of the more advanced pupils from grades 4, 5 and 6 in the Kingston public schools and place them at one elementary school for a program of special, enriched and vitalized instruction.

The criteria committee includes Mrs. Frieda Dingee, chairman; Mrs. Marian Gregory and A. J. Boyd with the help of the Guidance Department and the superintendent of schools.

These advanced pupils at the end of the sixth grade would go to one of the advanced sections already in operation at grades 7 and 8 in the Myron J. Michael School, then on to a stepped-up program in the high school, now being planned.

Dr. Soper explained that this newly proposed program or any other advanced program was not merely geared to Math and Science, but a stepping-up of curriculum, in general.

P-TA Unit presidents were requested to conduct a survey for opinions among their members regarding this Advanced Education Program for Elementary Schools and to report these back by the council's Jan. 27 meeting.

**Chandler Plans
Kentucky Tax Cut**

LOUISVILLE, Ky. (AP)—In these days of high taxes, Gov. A. B. Chandler of Kentucky has come up with a switch.

He told the opening of the state Legislature yesterday that despite a record budget which he is asking for the next two years, he wants the state's personal income tax cut.

The governor said his proposal would "entitle everyone to have a share" in the two million dollar tax cut, made possible, he said, by Kentucky's solid economic outlook and a treasury surplus.

Hasbroucks to Meet
Regular monthly meeting of Hasbrouck Engine Company will be held Thursday 8 p. m.**Milk Price Is
Major Concern
In Ave's Talk**

ALBANY (AP)—The price of milk—low to dairymen and high to the housewife—is a major concern of Gov. Harriman in his annual message to the Legislature.

To protect both producer and consumer, Harriman said today he had ordered his agriculture commissioner to collect and analyze information on dealer prices and distribution costs for the public's use. The Agriculture Department already keeps close on the price to farmers.

To Review Licenses

Harriman told reporters the new information would help pin responsibility for any big price increases to consumers in the future and spur public reaction.

In a parallel move, the governor said he was asking Commissioner Daniel J. Carey to review operations of restrictive licenses affecting milk dealers. Harriman said Carey would hold public hearings with a view toward relaxing the current licensing procedure and encouraging additional competition.

Harriman said farmers were receiving better prices under the new federal-state marketing order that was extended to unregulated areas upstate last Aug. 1. He said, however, certain aspects were not "entirely satisfactory, and we shall continue to work for improvements."

The governor described as "tragic" U. S. Secretary Ezra Benson's recent order reducing from 90 to 75 per cent of parity the support level on milk used for manufacturing.

Asks 90 PC Parity
Harriman said this may cost New York farmers 11 million dollars a year. He asked the lawmakers to urge Congress to put the level back at 90 per cent.

On other fronts, the governor praised the nursery industry as "one of the fastest growing segments of our agriculture." He said it now ranked second only to dairy products in dollar value.

The Christmas tree industry alone, Harriman added, covers 5,000 growers with a total planting of 250,000 acres. He said that with in two years New York would lead the nation in production of "this valuable cash crop."

**Faye Emerson
Granted Divorce**

MEXICO CITY (AP)—Faye Emerson's attorney says the actress and TV panelist has been granted an uncontested Mexican divorce from orchestra leader Skitch Henderson.

Francisco Lopez Figueroa said the decree, approved Dec. 5 by an Acapulco judge, has just been countersigned by the governor of the State of Guerrero.

The divorce will become effective after it is recognized by the interior and foreign relations departments and the U. S. Consulate.

Miss Emerson filed her petition Nov. 23 on grounds of "separation from the marital home for over six months."

ADVERTISEMENTS
**FALSE TEETH
That Loosen
Need Not Embarrass**

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEREETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEREETH at any drug counter.

Says Estimates Close

WASHINGTON (AP)—An airlines consultant sees little difference between cost estimates of the Civil Aeronautics Board and those of Mohawk Airlines on Mohawk's proposal to extend its service.

Colin H. McIntosh said yesterday the estimates made by both the company and the government agency are reasonably close in all most all categories.

McIntosh testified as the CAB renewed hearings on proposed extension of local air service throughout the northeast. The hearings had recessed Dec. 13 after sessions here and in Albany and Boston.

Mohawk proposes to extend its service from its regular airlines system in New York State to Pittsburgh and Cleveland.

At a meeting of the Trustees of the Rondout Savings Bank held January 6, 1958, the question of dividend rate on deposits for the first quarter of 1958 was discussed. It was decided to consider rate at 3¼% per annum for the first quarter of this year, if conditions and earnings, after reserves, justify such action. Action will be taken at the end of the first quarter.

Translucent Silhouettes to Help Turn 1920 Shapeless Bags to Sexy Dresses

By DOROTHY ROE
Associated Press Women's Editor
NEW YORK (AP)—"If you can't lick 'em, join 'em."
This famous bit of strategy is adopted this season by Ceil Chapman, noted designer of sexy dresses. Mrs. Chapman at first shuddered at the thought of a return of the shapeless bags of the 1920s but then found a way to use them.

The inventive Ceil calls her solution the translucent silhouette. The translucent part is a straight chemise, made of cobwebby lace or transparent chiffon, worn over a slip fitted to every curve of the female figure in the best Chapman manner. The result is even more beguiling than the usual frank and unveiled figure flattery of a Chapman dress.

"Makes it look sort of mysterious," remarks Ceil smugly, "yet doesn't conceal a single curve." Mrs. Chapman shows her usual lineup of subtly draped and shaped slithery black cocktail dresses, with skin-tight skirts, boldly slashed. She highlights a group of bold flower prints on white silk grounds, and makes full use of dramatic flower appliques on such fabrics as white

chiffon or tissue-thin beige shantung. There are a number of short formal with carefully shaped bell skirts and fitted tops, suitably revealing as to neckline. One of the most effective of these is of white silk organza, with bold appliqued wreaths of red poppies.

Napping Relaxes Actress
NEW YORK (AP)—Actress Elizabeth Allen has discovered that napping on the dressing room floor is a fine way of relaxing before performances in "Romanoff and Juliet."
Miss Allen reports that she has discovered some other Broadway players share the same relaxation secret, including Art Carney of "The Rope Dancers," Julie Newmar of "Li'l Abner" and Evans Evans of "The Dark at The Top of the Stairs."

Job Incentive
THORNTON, Colo. (AP)—The Thornton Town Council has put a \$2 price tag on the heads of stray untamed dogs. Only the city dog catcher, George R. Hoskins, is eligible to collect the fee, however. That's the way he'll earn his salary.

Appointed Chairman of Exello Board
Mr. Xavier P. Finch, formerly of Cranmore has been appointed chairman and executive director of the Exello Corporation Board. Mr. Finch was graduated from Freeham University and was associated with Claghorn and Bean Brokerage. Unfortunately Mr. Finch, like many busy business men didn't think ahead far enough to have a recent photograph taken at the photo workshop. His wife and his married daughter in Phoenix have been asking for a photograph for several years, not to mention his son stationed in Germany. Remember that the photo workshop at 616 Broadway in Kingston can give quick service for publicity photographs and portraits of lasting beauty. Call for an appointment today. Students See 'Fair Lady'

NEW YORK (AP)—High school students are getting a chance at bargain-price viewing of "My Fair Lady," the show that some grown-ups pay scalpers as much as \$25 per seat to see. The management of the musical has started allotting 20 balcony seats per performance for distribution to pupils under the co-operative project launched a year ago to make selected Broadway shows available to pupils.

Tickets are offered in rotation to all of the high schools, and seniors draw for shows of their choice. All tickets are sold at 70 cents.

Children's Paradise
OKLAHOMA CITY (AP)—It was just like candyland for a while when a big barrel of sweets fell off a truck. The barrel splattered open and 300 pounds of suckers and cinnamon balls spilled on the streets.

The Mature Parent

By MRS. MURIEL LAWRENCE
Child's Dependence Stifles Sense of Moral Indignation

Out on the sunporch seven-year-old Kate was rearranging her doll's house. At her little sister's urgent request, she let Buff "hold" its toy piano until she was ready to place it. But when this time came, Buff ran away with it. Rushing to Mommy, she cried, "Kate gave me this! Now she wants it back. Tell her it's mine, Mommy."

Kate's protests were rejected. "You're always giving Buff

things and wanting them back," her mother said. "You need a good lesson. This time she keeps what you gave her."

Kate felt a passionate wish to remove Mommy from her life. Withdrawing to the porch, she considered all methods for removal of enemies. She thought of attempting Mommy's physical destruction. She thought of running away. She thought of enlisting Daddy's aid that evening. But she had to discard them all as impractical. Attempting

Mommy's physical destruction could only result in punishment, or an orphanhood as terrifying as that of poor little foreign children in magazine pictures. Running away could only end in somebody's asking her where she was going. As to Daddy, he'd resist any effort to remove Mommy because he was married to her.

Out on the sunporch Kate resolved her rage at unjust authority in the immemorial manner of the helpless.

She began to justify Mommy. She thought, "Maybe I DID give my piano to Buff. I guess I must have done what Mommy says I did, and she is right and I am wrong."

Let us note carefully the appearance of that little, powerful word "right" in Kate's mind. It appeared there, not as the re-

sult of her absolute need to be reconciled to Mommy. This is the child's eternal problem. His acceptance of our views of "right" and "wrong" is compelled, not by his own moral experience, but by his need for survival. Once we see this, we stop demanding that he share ours. We encourage expression of his views, not because child psychiatrists tell us to, but because we see it's immoral to exploit his dependence. We content ourselves with demanding desirable action without claiming "rightness" for what we want. (All rights reserved NEA Service, Inc.)

Bank Employees Feted At Holiday Dinner

In appreciation of their loyalty during 1957 the trustees of the Ulster County Savings Bank tendered a holiday dinner to all its employees at Williams Lake recently.

Speakers disclosed that the bank had an amazing growth during the past year—from assets of \$26,700,000 on Jan. 1, 1957, to \$28,700,000 on Dec. 31, 1957, an increase of \$2,000,000.

It was reported that the institution has been able to offer additional services to its depositors since moving into its new home—the Christmas Club and safety deposit boxes.

It was reported that the entire body of employees is enrolled

in the Ulster County Chapter of the American Institute of Banking.

Trustees of the institution reiterated their intention of paying a three per cent dividend for the quarter ending March 31, plus an additional quarter per cent.

Carolyn DuBois Feted at Party

Miss Deborah VanWageningen of 67 Dunneman Avenue was hostess at a surprise birthday party Thursday, Jan. 2, in honor of the approaching marriage of Miss Carolyn J. DuBois.

Those attending were the Misses Florence Finn, Carol Gaise, Ruth Fredericks, Dorothea VanKleeck, Anita Studt, Mary Matey, Andrea DuBois, Nancy Silvestri, Drusilla Freer, Claire Ostrander. Also attending were the Misses Eva Schultz, Bessie Winfield, Jeanne Ryan, Marion Maines, Helen Holmquist, Rose Hansen, Adelaide VanWageningen, Marjorie DuBois, Kay Matey and Shirley Seeger.

Gifts were also received from Margaret Danford, Gail Stanton, Christine DuBois, Mary Danford, Cassie Price and Rena Finn who were unable to attend.

Miss DuBois will become the bride of James B. Mitchell on February 2 in San Pedro, Calif.

Junior Marrieds Meet at YW

Junior Married Women's Club met Thursday, Jan. 2, at the YWCA. Miss Cynthia Stenger of Pierre's Salon was guest speaker. Mrs. Donald Boice served as model. Miss Stenger also conducted a question and answer period.

During the business meeting, final plans were formulated for the annual Junior Married dessert-card party on Thursday, Jan. 16, at the YW. The public is cordially invited to attend.

Mrs. Robert Sickler appointed the following card party committee: the Misses Allan Nissen, chairman; William Van Aken, Paul Argulewicz, and Warren Eckels.

The club agreed to devote the second Tuesday of each month to the newspaper project at the YW. Members will meet on that day to fold newspapers.

Hostesses for the evening were the Misses Walter Lyons, Donald Boice, Al Brocco, John Denter, Warren Eckels, Robert Ross and Everett Williams.

Jayne, Hargitay To Wed Monday

HOLLYWOOD — With pink-tinted invitations and undisciplined enthusiasm, ample-figured Jayne Mansfield has announced that she and weight-lifter Mickey Hargitay will be married Monday evening.

This is two days ahead of the previously announced date for the long planned ceremony.

The actress said yesterday that the date was pushed ahead "because we're so much in love" and because "13 is our lucky number." (Monday will be Jan. 13.)

"Mickey and I met on the 13th," Jayne said. "He won the Mr. Universe title on the 13th and got his American citizenship on the 13th. I just love that number."

(Hargitay is a native of Hungary.) Jayne's divorce from public relations man Paul J. Mansfield of Dallas, Tex., became final today.

Bearsville IOOF Officers Installed

Officers of Bearsville Lodge, 533, IOOF, were installed at impressive ceremonies last Friday night by District Deputy Grand Master Walter J. Lang and staff of West Shokan before Odd Fellows and Rebekahs from Woodstock, Shokan and Phoenicia.

Maurice F. Hamilton was installed as noble grand, succeeding Frederick A. Reynolds who becomes active past grand. Eugene A. Rathgeber was seated as vice grand; Walter Bollenbach as recording secretary; Paul Rowe of Hurley, financial secretary and George H. Laws, treasurer.

Ruocco - Winnie Wedding Is Told

St. Francis of Assisi Church in Mt. Kisco, was the scene Saturday, Nov. 23, of the wedding of Miss Phyllis Margaret Ruocco, daughter of Antonio Ruocco of 83 Kisco Avenue, Mt. Kisco, and the late Mrs. Ruocco, and Duane D. Winnie, son of Mrs. Seymour Winnie of Ashokan and the late Mr. Winnie.

The Rt. Rev. Msgr. James A. Boyle, pastor, officiated at the double ring ceremony.

The bride, escorted by her father, wore a ballerina length gown of beige rayon brocade made with a scoop neckline. Her cascade bouquet of white roses matched the fresh-flower coronet in her hair.

Mrs. Louis Ruocco of Bedford Hills, N. Y., the bride's sister-in-law, was the matron of honor and only attendant. Her gown was of teal blue rayon taffeta with which she wore a headpiece of yellow pompon chrysanthemums.

Louis Ruocco of Bedford Hills, N. Y., brother of the bride, was best man. Ushers included Thomas Ogden of Croton Falls, nephew of the bridegroom, and Anthony Ruocco, a nephew of the bride. A reception for 75 guests was held at the Pinesbridge Lodge, Mt. Kisco.

Mrs. Winnie, a graduate of the Mt. Kisco High School, is employed by the First National Store as a bookkeeper. She is a member of Court Newman, Catholic Daughters of America.

Mr. Winnie, a graduate of Kingston High School, is employed by the Chevrolet plant in Tarrytown. He is a Korean veteran.

When Mr. and Mrs. Winnie return from a wedding trip to Washington, D. C., they will reside at 83 Kisco Avenue, Mt. Kisco.
